ABSENT,-Gov. Boreman left the city ast evening for Washington, to be absent something like a week.

CONCERT.-We learn that the Beethe ren Musical Society of our city will give a grand concert for the benefit of the Young Men's Christian Associa-tion. The precise date has not been fixed, but will be shortly. Due an-nouncement will be made.

RESIDENCE SOLD-We were informed last evening that C. Oglebay, Esqr. had sold his fine residence, four miles west of this city on the National Road, to Joshua Burley, Esq. The property is among the finest in this region—the land attached being of the best quality and the improvements first class. The price paid was \$15,000 which is regarded as extremely low, considering the advantages and character of the realty and its appurtenances. and its appurtenance

POLICE COURT .- The following case ere disposed of in this Court yesterday morning. With one exception, they were for being drunk: George they were for being drunk: George McPherson, ten dollars and costs; William Long and Henry Swigert, one dollar each and costs. These parties had all been imbibing too freely of benzine. Andrew Klee, for committing a nuisance in Second Ward Market bouse, one dollar and costs. This last offence should meet with a severer punishment than the insignificant sum mentioned. If a good, round "twenty and costs" were exacted, it occurs to us that the violations of this ordinance would not be so frequent. But that is a matter for the Judge to determine, and the suggestion, perhaps, is inappropriate.

LECTURE.-We call attention to th advertisement announcing a lecture at the Cathedral, this evening, by Right Rev. R. V. Whelan. The subject chos-Rev. R. V. Whelan. The subject chosen by Bishop W. has not been furnished us, but we doubt not that he will fully sustain his reputation for learning and ability in discussing some topic of general interest. The lecture is defivered for the benefit of the St. Patrick Mutual Relief Society, and as the object is one that appeals to the better feelings of humanity, it is confidently hoped that the Cathedrai will be filled to its utmost capacity. A rare intellectual treat is in store for those who attend. They will also have the consciousness of having contributed to the relief of those upon whom fortune has not benignantly smiled. These two considerations will doubtless attract an assemblage worthy of the speaker and the cause for which he speaker.

CALL AT D. A. ADLER & Co.'s and see the new styles of Hoop skirts; the Promenade, Broadway and Ristori. All sizes of children's skirts.

SHOULD BE LOOKED AFTER .- Complaint has been made to us that the sidewalks on the Island are in bad condition, and are being daily made worse by teamsters driving on them Last year the city authorities ordered the one along Zane street to be properly graded and a covering of cinders to be put on it, temporarily. The work was done, and during the prevalence of the muddy season wagons are being driven over it, rendering it almost en-tirely impassible for foot passengers. Unless prompt measures are adopted to prevent this proceeding, it will see Unless prompt measures are adopted to prevent this proceeding, it will soon be as unit for its original purpose as the middle of the street. We direct the attention of the authorities to this outrage on the good nature of our fellow citizens on the Island. They help to bear the burden of taxation, and should be protected in common with their neighbors on this side of the river.

Received.-Another fine lot of Spring style lasting Balmoral galters, at Blond & Bachman's, No. 107, Main

REV. HARRY MODEROUSE.—This gen-tleman, the English Evangelist, is expected to reach here this morning from Chicago. He will deliver his first serchicago. He will deliver his first sermon this evening at half-past seven o'clock, in the Fourth street M. E. Church. Mr. M. is from Liverpool. England, and is now on a brief tour in America. He will remain here over Sabbath next, preaching every evening, and delivering Bible Lectures on Wednesday. Thursday and Friday afternoons. He will preach this evening in the Fourth atreet M. E. Church, tomorrow night in the Second Presbyterian Church; Thursday night in the in the Fourth street M. E. Church, tomorrow night in the Second Fresbyterian Church; Thursday night in the
Zane Street M. E. Church; Friday
night in the Fourth Presbyterian
Church, (North Wheeling), and on
Saturday night in the Fourth Presbyterian Church, Ritchietown. The programme for the afternoon lectures and
Sabbath sermons will be arranged today, and we hope to be able to announce it to-morrow. Seats are all free,
no obarge being made to any of the discourses.

Prosperous .- As evidence of the suc cess of a comparatively new branch of manufactures in our city, we mention the fact that a sale of Hinge Factory the fact that a sale of flinge ractory stock, to the amount of \$5000, was made the other day at par. This is the second transfer of atock in that establishment that has been made since its organization, which, together with the fact that it sells without any discount, is strong proof that the stockholders are satisfied with their investment. And we are gratified to add that this result has been attained without charging a higher rate for their productions than is done elsewhere, while the character of the articles made is acknowledged to be equal if not superior to any others in the market. "Wheeling Hinges" will soon enjoy as enviable a reputation as Wheeling Nails, if they do not already. Passing through the Baltimore & Ohio Rail Road Depot some time since, we noticed thirty-five or forty large casks were being shipped to one house in Baltimore. Wherever they have been introduced, they have taken the precedence of all others, and deservedly so. stock, to the amount of \$5000, was made

FINISHED.-We gave in yesterday morning's paper a brief synopsis of the case of Watson, Forbes and others vs. Dewey, Vance & Co., which has been before the Circuit Court, in one shape or another, for about a year. The last barrier to the improvement contemplated by the defendants having been removed by the decision of Judge Caldwell on Saturday last, work was at once commenced and prosecuted vigorously until last evening when the first train of cars passed over the track. The road so long held in abeyance by one or two property holders who conceived that they would be injured by its construction, leads from the coal mine of the defendants to their new nail mill (Riverside,) near the river, and is a necessity to the successful operation of the latter establishment. Dewey, Vance & Co., which has been tion of the latter establishment.

Doubtless the result of the litigation in connection with this work gives great satisfaction to all who feel a deep interest in the success of one of our largest nail mills. To such establishments we are indebted in no small degree for the prosperity our city enjoys, and it is short-sighted policy to place obstacles in the way of any legitimate exterprise that would contribute to the general good.
